

REMARKS

In the final Office action, the examiner rejected claims 1-26 and 28-34 based upon a defective reissue declaration. Specifically, the remarks made in applicant's response filed February 16, 2007, should be incorporated into the Reissue Application Declaration as originally filed. Accordingly, those comments have been added to the Reissue Declaration and the Reissue Declaration is enclosed herewith. In addition, a Supplemental Declaration for Reissue Patent Application to Correct Errors has been executed by the inventors and is being filed concurrently herewith.

There being no other rejections of the application, it is felt the reissue application is now in condition for allowance and such action is courteously requested.

Dated: Jan. 22, 2008.

Respectfully submitted,
